

GRAND CITY PHASE- 1

PHASE-1 READY FOR POSSESSION

Fulfilling all your lifestyle dreams with best infrastructure in town and world class medical and educational facilities. 24/7 seamless power supply with underground network of cables to guarantee uninterrupted electric supply throughout.

MODERN AMENITIES. COUNTRYSIDE LOCATION. SOPHISTICATED STYLE

Action speaks louder than words. Based on our belief, we introduced magnificent amenities that make Grand City Phase 1 ahead of its competitors where you cheer exciting polo club to ride well-trained horses like an emperor, top of the range restaurants for delicious food, a contemporary grocery store that offers a variety of domestic products, and an international-standard tennis club to achieve the winning spirit. The list of great amenities doesn't end here because plenty of further facilities are still to come, for instance, a well-maintained badminton court to show off your fitness and competency, an extensive cycling club to stay healthy, a substantial theme park where you can have a fun time with your family, a helipad to blow your own trumpet, an open zoo and a play land for your children to enjoy a never-ending thrill, and a grand mosque to nurture your spirituality.

Here are further exceptional facilities, like a well-organized hospital to provide you a healthy living, an IMAX and 3D cinema for your ultimate entertainment, a fitness center to keep you fit, a worldwide standard school and a university for your children's successful career.
